

Soil Temperatures, 30th March 2020

	Crediton, Devon	Bury St Edmunds, Suffolk	Ipswich, Suffolk	Newmarket, Suffolk	Cantley, Norfolk	Kings Lynn, Norfolk	Wells-next-the-sea, Norfolk	Market Deeping, Lincolnshire	South Lincolnshire	Stoke Bardolph, Nottinghamshire
22-Mar						3.39				
23-Mar	8			8			5.5		8	8.5
29-Mar						4.18				5.3
30-Mar	6.5	5	7	4	5		6.25	6.7		
Trend*	↓			↓		↑	↑			↓

* Trend is simply whether temperature of the most recent reading has increased or decreased from that of seven days before it, if the data is available

Please keep on sending your soil temperature data in. Rules: measure the temperature at 10cm deep at 9am on a Monday (or any day – as long as you tell me which one!) morning. Try to do it in the same location every time. Email the office with your result!
