

Maize Growers Association Farm Walk

MGA Council Members looking over Biogas digester at Copys Green Farm.

The Duro – France cultivation element of Stephen's Strip Till maize drill.

Runoff collection from DEFRA trial cultivation plots.

MGA members and other interested parties are invited to a Maize Growers Association farm walk at Copys Green Farm, Wighton, Wells-next-the-Sea Norfolk courtesy of Stephen Temple and partners.

Points of interest during the farm walk include maize establishment using the farms strip tillage maize drill, Biogas production with a chance to see the farms anaerobic digester close up and a tour of the DEFRA funded, two site, two year, trial looking into cultivation options for maize.

Places on the visit are limited so please contact the MGA office to book your place ASAP.
